

NATURE PHOTOGRAPHY WORKSHOP

At Rondeau Provincial Park with Professional Photographer Chad Barry!

Looking to step-up your photography game? Come join local nature photographer Chad Barry throughout the summer at three separate sessions to improve your photography skills!

Composition for Nature & Landscape Photography

Sunday, June 19th – 9:00am – 11:00am

Great photos don't happen by accident. Mastering effective composition will allow your photos to tell a more powerful story!

Long Exposure Photography

Sunday, July 10th – 9:00am – 11:00am

From silky streams and waterfalls, to trails of stars across the sky, we'll discuss the equipment, techniques, and software to blend time into a single photo!

Wildlife & Bird Photography

Sunday, August 14th – 10:00am – 12:00pm

Everyone wants to get that great shot! Let's chat about the strategies to increase your odds of capturing your subject and the equipment you'll need to do it.

Pre-registration is required for these sessions – please call the Rondeau Visitor Centre (519-674-1768) to sign up and get more information. All sessions will start at the Visitor Centre and venture outside from there. Don't forget to bring your camera and an open mind!
